ONTARIO CHAMBER OF COMMERCE TRANSPORTATION REPORT

"50% of Ontario businesses view transportation infrastructure as critical to their competitiveness. Yet, congestion, limited transit connectivity, population growth, aging assets, unique regional needs, and a historic under-investment in infrastructure have led to a significant gap between the actual and needed infrastructure in Ontario. This has led to real challenges faced by Ontario residents and businesses every single day. The province needs a plan that is strategic, provides value for public dollars, optimizes existing assets, leverages the private sector and technology, and takes into account the unique needs of our province. Moving forward, we will continue to consult our members on the province's vast and diverse transportation needs."

CANADIAN CHAMBER OF COMMERCE "FIVE MINUTES FOR BUSINESS"

Canadian Chamber of Commerce
Chambre de Commerce du Canada

When we say the pace of change is accelerating, we mean that in many sectors, critical foundations of industry structure—the economic fundamentals, the borders of industries, the value of different assets, even the types of competitors—are rapidly shifting.

Every December, the Canadian Chamber of Commerce predicts the issues, opportunities and outlook for the year ahead in our Crystal Ball Report. We gather insights from the people on the ground who are running businesses, creating jobs and wealth, but also living through Canada's economic challenges.....
